## Issue Template - Feature #1024

### templates for all (redmine core and custom fields) issue fields

05/19/2012 03:51 AM - cforce cforce

<table>
<thead>
<tr>
<th>Status:</th>
<th>終了 (Closed)</th>
<th>Start date:</th>
<th>05/19/2012</th>
</tr>
</thead>
<tbody>
<tr>
<td>Priority:</td>
<td>通常 (Normal)</td>
<td>Due date:</td>
<td></td>
</tr>
<tr>
<td>Assignee:</td>
<td></td>
<td>% Done:</td>
<td>0%</td>
</tr>
<tr>
<td>Category:</td>
<td></td>
<td>Estimated time:</td>
<td>0.00 hour</td>
</tr>
<tr>
<td>Target version:</td>
<td>Future Release</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### Description

It would be great if it is possible to define every fields of an issue in a tracker, so that if I optionally set this fields they get filled into issue when I select the template.

If values are not allowed (e.g status or category or priority) an error message is ok.

I think this is also the behav step towards #1000 and #995

### History

#### #1 - 07/19/2013 12:06 AM - Andrew Cranson

I agree this would be a great feature (ability to pre-set a "Category" for us is enough). Do you think this could be implemented?

Thanks for a great plugin!

#### #2 - 08/28/2016 09:34 PM - Akiko Takano

- Target version set to ver0.1.3

#### #3 - 09/06/2016 05:57 AM - Akiko Takano

- Target version changed from ver0.1.3 to Future Release

#### #4 - 11/22/2018 07:41 PM - Ennder THE LAST

Hi,

Templating the Custom Fields could be a great feature.

#### #5 - 01/28/2020 08:23 AM - Akiko Takano

- Status changed from 新規 (New) to 終了 (Closed)

Hi, I've released v1.0.0 to support custom fields and built-in-fields.

Since this is an experimental feature, please be careful if you hope to try it.

Please see [https://github.com/akiko-pusu/redmine_issue_templates/releases/tag/1.0.0](https://github.com/akiko-pusu/redmine_issue_templates/releases/tag/1.0.0)

I'm looking forward to your feedback.
