Description
Hi,
I would like to hide the Worktime shortcut in header bar (positioned after the 'logged in as')
I want to display this link only to the specific roles.
I have clients who must not access to this part of Redmine.

Can you help me to do that?

I really appreciate your plugin and redmine (I'm a newbie in Redmine ^^).

Thanks in advance for your answer,
best regards

Hi, JEREMY.
You can comment out following 2 lines to remove 'WorkTime' link on account menu.
redmine_work_time/init.rb

```ruby
$ diff init.rb.org init.rb
23,24c23,24
<   menu :account_menu, :work_time,
<     {:controller => 'work_time', :action => 'index'}, :caption => :work_time
---
> # menu :account_menu, :work_time,
> #   {:controller => 'work_time', :action => 'index'}, :caption => :work_time
```

best regards
